March 25, 2009

Dear Marina Manager,

I am pleased to inform you that Separate Systems Inc. (SSI) has partnered with Kord Information Systems (Annette Kord formerly with Watch Captain) to implement an integrated Windows Access Control and Marina Management System.

Annette Kord has been writing Marina Management Software for more than a decade and has more than 25 years software design and development experience. I am sure you will welcome her for your future needs.

We have also established a dealer relationship for service and upgrades to your hardware and software with the following companies.

San Diego Area

361 International
5999-B Ridge View St.
Camarillo, CA
805 764-0323

The above dealers have many years of experience in access control and other security systems and I feel confident in recommending any one of the companies.

Separate Systems also has a new access control product line that we will be sending you information on in the near future.

I want to thank all of our customers for the business that you have given us in the last 25 years and I hope that we can continue to be of service to you in the future.

Annette Kord has also had many years in the development of Marina Management and I am sure that you will welcome her for your future needs.

Please feel free to contact me if you have any questions

Yours truly

Sig Hofland

President
Separate Systems Inc.
